Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 14-29 and 37-41 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Trivedi.

See the appropriate paragraph of paper 8

Response to Arguments

Applicant's arguments filed 9/22/03 have been fully considered but they are not persuasive.

Applicant's remarks concerning Oberhardt et al. were convincing and this rejection has been vacated.

Applicants state Trivedi fails to teach addition of a known volume of dye to an unknown volume of sample. The Office maintains Trivedi states in column 13 lines 19+ "... 2 ml of a phenol red solution ... are added to each pleural cavity". The Office has read the phenol red solution on the claimed "aqueous solution". The volume of the pleural cavity is unknown based upon the factors of the size, age, hydration level of the animal and has been read on the claimed unknown volume of biological sample.

Applicants stated Trivedi teaches a known volume of exudates. The Office assumes

Applicants are referencing the subsequent analysis where known volumes of the exudates are used to calculate the initial unknown volume of the original exudate.

Trivedi consistently teaches the initial volume of exudate is unknown and the subsequent calculation is discovering the original volume. The instant claim language is

Art Unit: 1743

sufficiently board that it does not exclude subsequent calculation of the exudate volumes. The Office sincerely believes these rejections over Trivedi are justified and proper.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
